

## NAPLAN ONLINE: INSTRUCTIONS FOR CREATING IEPS

IEPS can be generated for NAPLAN online schools. These plans are based on weaknesses identified in NAPLAN data.

### Steps:

1. Log in [HERE](#).
2. Select 'NAPLAN Analysis.'

Create a Learning Plan for Years 3, 5,  
7 & 9

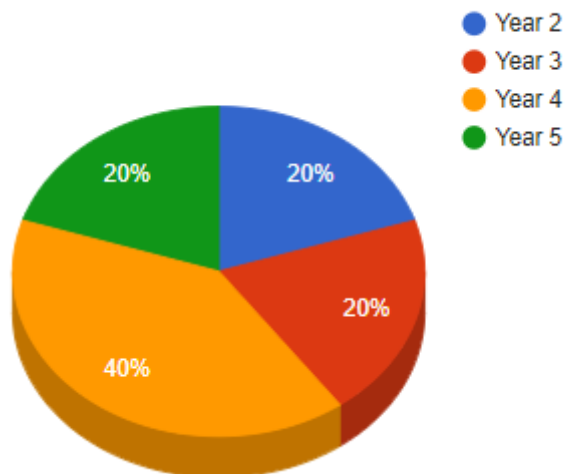

NAPLAN Analysis

3. Select the relevant 'NAPLAN Test Year (2018)' and the relevant 'NAPLAN Year Level.'
4. Select the relevant 'Assessed Area' and click 'Start Analysis.'
5. Click on the student's red button for whom you would like to create an IEP.

67492870

6. You will see a pie graph outlining the Year Level difficulty of the questions received:

2018 Year 5 Numeracy

7. Scroll down and tick the questions highlighted in yellow below. These are your focus areas:

Curriculum Content Code	ACMNA030	ACMNA059
Answered Correctly?	0	0
	<input type="checkbox"/>	<input type="checkbox"/>

## NAPLAN ONLINE: INSTRUCTIONS FOR CREATING IEPS

- Click 'Create Plan Document' in the top right of your screen. Then select 'Incorrect' then 'View.'
- You now have a broad learning plan that identifies the student's areas of weakness. Links to the curriculum and online resources will support you to create lesson plans from this information.

Measurement and Geometry (M) - Year 6		
<p><b>Australian Curriculum Entry</b> Using units of measurement Connect decimal representations to the metric system (ACMMG135)</p> <p><b>Elaborations</b></p> <ul style="list-style-type: none"> <li>Discussing the equivalence of measurements such as 1.25 metres and 125 centimetres.</li> </ul>	<p><b>WA Curriculum</b> Connect decimal representations to the metric system (ACMMG135).</p> <p><b>Additional Information</b> Covers shape, using units of measurement, location and transformation and geometric reasoning</p> <p>Resource 1 Resource 2 Resource 3 Resource 4 Resource 5 Resource 6</p>	<p><b>NAPLAN Descriptor</b> Converts a length, given in metres and centimetres, to metres only.</p> <p><b>NAPLAN Question</b></p> <p>5 Joe measures a distance to be 5 metres and 12 centimetres. Which of these shows how Joe can write this measurement in metres?</p> <p>5.012 m    5.12 m    6.12 m    6.2 m</p> <p>Answer: B</p>
Student Answers - Incorrect a) - ROHAN SOUTHWELL		
Measurement and Geometry (M) - Year 7		
<p><b>Australian Curriculum Entry</b> Location and transformation Describe translations, reflections in an axis and rotations of multiples of 90° on the Cartesian plane using coordinates. Identify line and rotational symmetries (ACMMG181)</p> <p><b>Elaborations</b></p> <ul style="list-style-type: none"> <li>Describing patterns and investigating different ways to produce the same transformation such as using two successive reflections to provide the same result as a translation</li> <li>Experimenting with creating and re-creating patterns using combinations of reflections and rotations using digital technologies</li> </ul>	<p><b>WA Curriculum</b> Describe translations, reflections in an axis and rotations of multiples of 90° on the Cartesian plane using coordinates. Identify line and rotational symmetries (ACMMG181).</p> <p><b>Additional Information</b> Covers shape, using units of measurement, location and transformation and geometric reasoning</p> <p>Resource 1 Resource 2 Resource 3 Resource 4 Resource 5 Resource 6 Resource 7 Resource 8</p>	<p><b>NAPLAN Descriptor</b> Uses the properties of line of symmetry to visualise the whole shape.</p> <p><b>NAPLAN Question</b></p> <p>10 Holly placed a piece of paper along a line of symmetry on her star.</p>  <p>How many points does Holly's whole star have?</p> <p>3    5    6    8    10</p> <p>Answer: D</p>

- Enter a 'Document Title.' Click 'Save' at the top right of your screen. Click 'Ok.'

Document Title

- You can print or save this PDF to your computer.
- In the future, you can access these plans from your 'Saved Learning Plans' Teacher Folder on the CNAP home page:

**Saved Learning Plans**

Teacher Folders (1129)

This was a simple introduction into the power of CNAP. If you would like to find out more or have any questions, contact [info@bestperformance.com.au](mailto:info@bestperformance.com.au) or 9284 0041.
